

# UNIT 3

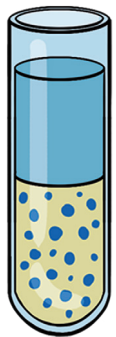

## PRECIPITATION CHALLENGE

Student name: \_\_\_\_\_

Regarding the precipitation activity, as your teacher conducts this activity record your findings:

### QUESTIONS:

1 - Describe the milk after being heated.

2 - Describe the milk after introducing the vinegar.

3 - What caused the lumps to form in the milk?

4 - Refer back to the description of Precipitation in the “Understanding Terminology - Unit 3” pre-activity and describe how this experiment demonstrates the precipitation process as it relates to proteins in plasma.
